Craftsman curb appeal, thoughtfully selected finishes, and room to spread out define this new Wesley by Fischer Homes in Willow Green. A covered front porch welcomes you into a 4-bedroom, 2.5-bath home featuring 9-foot first-floor ceilings and an open layout connecting the family room, kitchen, and morning room. The kitchen shines with Dallas White granite countertops, 42-inch maple cabinetry, a generous island, stainless steel appliances, and a walk-in pantry. A private study with glass French doors and transom windows offers an inviting work-from-home space. Step from the morning room onto the spacious 16-by-14-foot deck with stairs for outdoor dining and relaxation. Upstairs, the primary suite features a walk-in closet, double vanity, and shower with a clear-glass door. An unfinished basement with full-bath rough-in offers storage and future finishing potential. Main-level laundry and a 2-car garage expanded by a 4-foot side extension add everyday convenience.
