$699,900

The Miles is a decorated model home by Fischer Homes located within Ivy Rose in Green Township, Ohio. This two-story design is set at 2,437 square feet and offers 3 to 4 bedrooms and 2.5 to 3.5 bathrooms across a layout with comfortable flow between the home's key living areas and private spaces. Thoughtful sightlines and well-planned transitions throughout the plan contribute to a cohesive environment that supports both daily living and opportunities for gathering across both levels. The Miles's open main-level arrangement and adaptable room options give the plan practical flexibility within the Ivy Rose community in Hamilton County.

The Miles centers on an open gathering area that connects the home's main living spaces in a unified and easy-to-navigate configuration. The kitchen is designed to support both functionality and accessibility to adjacent rooms, helping establish a central hub for everyday use and casual entertaining throughout the main floor. Flexible rooms throughout the plan offer opportunities for personalization — whether directed toward work, guest accommodations, or hobby space — and available configuration choices at Ivy Rose may provide additional ways to tailor the design at the community level.
